RE: *Lawal v. PufferBellies Toys and Books For Children, LTD.*  
Case No.: 1:23-cv-02392-MKV

Dear Judge Vyskocil:

We represent the Plaintiff in the above-referenced action, and write to request an extension of 14 days to submit our opposition to Defendant's motion to dismiss. The new due date would be July 6, 2023.

This is the first request for more time to respond to this motion to dismiss. We anticipated receiving additional information to address the standing arguments raised in Defendant's motion. Unfortunately, there has been an unanticipated delay in receiving this information. We regret not making this request in accordance with Your Honor's Individual Rules and we apologize for any resulting inconvenience to the Court.

Counsel for Defendant has declined consent to this request.

We thank Your Honor and the Court for its kind considerations and courtesies.

The deadline for Plaintiff to submit her opposition to Defendant's motion to dismiss is hereby extended to June 27, 2023. This will be Plaintiff's final opportunity to submit a brief opposing the motion and no further extensions of time will be granted without a demonstration of good cause. If no opposition is filed by that date, Defendant's motion to dismiss will be treated as unopposed. SO ORDERED.

Respectfully Submitted,

/s/ Mark Rozenberg
